Agreement relating to the provision of Materials by Geneservice Ltd

Standard MTA (other than for US) when no others apply

The Materials listed below are made available to the User subject to the following conditions:

1. The Materials provided are for use by the named research investigator (the "User") for their own research in non-profit institutions.
2. The User may share materials with other researchers in the same laboratory, working on the same project. The user may not engage in any secondary distribution of Materials. Use of Materials, directly or indirectly, for commercial purposes requires the written permission of Geneservice Ltd. This requirement is not intended to inhibit patenting or commercial exploitation.
3. Any publications arising from the use of materials must acknowledge support received from the Geneservice Ltd and, where appropriate, refer to the originator of the materials.
4. Geneservice Ltd will use reasonable care in the provision of services and materials. However, they are provided without any warranty, expressed or implied, of satisfactory quality or fitness for any purpose. Any information and data relating to materials are provided without any warranty as to their accuracy or completeness. Biological materials obtained from the Geneservice Ltd must not be used in Humans or for clinical or therapeutic use or as clinical diagnostics.
5. Geneservice Ltd and its employees and agents, assume no responsibility or liability for direct or consequential loss, damage or injury, and the recipient institution agrees to indemnify Geneservice Ltd, to the extent permissible under applicable law, from and against any liability or claim arising from any provision to the recipient, except in the case of negligence or wilful misconduct by Geneservice Ltd
6. These Terms and Conditions will be governed by and construed in accordance with the laws of England.
